SEERA BRAND STANDARDS CODE

FOR SUPER STOCKISTS · DISTRIBUTORS · DEPOTS AND THEIR STAFF

Every Super Stockist, Distributor, Depot and their staff sign this Code. A breach is treated as a material breach of their agreement. SEERA products must reach the consumer looking, priced and described exactly as the Company intends.

1. Storage and handling

- Store stock in a clean, dry, covered area, off the floor on pallets or racks, away from direct sunlight, heat, moisture, strong chemicals and pesticides.
- Keep detergents and home-care products separate from food items and personal-care products.
- Follow FEFO (first-expiry, first-out). Never sell expired stock; segregate near-expiry stock and report it.
- Do not open, repack, relabel, re-sticker or alter cartons, batch numbers, MRP or expiry dates.
- Handle cartons upright; damaged or leaking units are not sold and are reported with photos within 48 hours.

2. Pricing discipline

- Sell only at Company-notified price levels: Company → Super Stockist → Distributor → Retailer. Never sell above MRP.
- No unauthorised discounts, free goods or scheme passing that undercuts another partner's market.
- Pass every Company scheme to the next level in full and on time; no withholding of retailer schemes.

3. Territory and channel discipline

- Sell only inside the allotted territory and only to channels allowed in the agreement.
- No sale to e-commerce sellers, wholesalers outside the area, or exporters without written approval.
- No buying from any source other than the mapped supplier (no parallel or grey-market stock).

4. Visibility and display

- Use only Company-supplied or Company-approved POS material, posters and display units.
- Place products front-facing, clean and grouped by range.
- Vehicles, invoices or signboards carrying the SEERA name or logo need prior written approval of the artwork.
- Never alter the logo, colours or product imagery, or place SEERA next to counterfeit or look-alike products.

5. Communication and claims

- Describe products only with claims printed on the pack or in Company-issued material; no exaggerated, comparative or misleading claims.
- No independent advertising, social media pages, WhatsApp catalogues or online listings using the SEERA name without written approval.
- Consumer complaints, media and product-safety issues go to the Company within 24 hours; partners do not respond publicly.

6. Conduct and compliance

- Issue GST-compliant invoices for every sale; no cash-only or unbilled sale.
- Keep Seera App data accurate: stock, orders, deliveries, payments.
- Make payments only to the Company's or mapped supplier's bank account / official UPI — never in cash to a field employee.
- Protect retailer and consumer data; use it only for SEERA business.
- No bribery, kickbacks or gifts to Company employees. Treat retailers and staff with courtesy.

7. Consequences of breach

Breach	Action
First minor breach (display, late reporting)	Written warning with 15 days to correct
Repeat minor breach	Scheme / incentive withheld for the period
Price undercutting, out-of-territory sale	Penalty as per agreement + recovery of scheme benefit; suspension on repeat
Expired, tampered, counterfeit or parallel stock	Immediate suspension and termination; legal action where applicable

Acknowledgement

I / We have read and understood the SEERA Brand Standards Code and agree to follow it, and to make our staff and sub-distributors follow it.
